

# TRIDENT Z5

# DDR5

Trident Z5 is the next-gen DDR5 memory created for the ultimate overclocked performance on the latest DDR5 platform. Constructed with hand-screened memory ICs and cooled by dual-toned aluminum heatspreaders, the Trident Z5 is the ideal choice for extreme gamers, overclockers, and PC enthusiasts.

All G.SKILL memory products come with limited lifetime warranty, and the G.SKILL technical team is always ready to provide complete technical support via online forum, telephone, or email.
