TECHNICAL PARAMETERS

The product name	Domestic gas rapid water heater	
Product model	JSD36	
Using gas	LPG(20Y)	NG(12T)
The rated pressure	2800pa	2000pa
Apply pressure	0.025~0.8MPa	
Rated heat load	36kw	
Hydnathemalapydty	Temperature rise 25kw when 1 kg/min	
Enation standard	SO9001-2003 CE	

CE
