

# Estenye

Painless Hair Removal Exfoliation

## Usage

Apply on dry skin.  
Do not use on  
wet or oily skin.

Rub the desired  
area in gentle  
circular motions.

Rinse with water  
after every use.

## Pro Tips

- Moisturize after usage with Hydrating Lotion.
- Start with a patch test on arms or legs to check the pressure needed for your skin.
- If you have sensitive skin, it is recommended to rub gently, small area at a time.
- Safe for arms, legs, chest, back and stomach.
- Do not use soap on the shaved area for 2-3 hours after use, as it may cause irritation.

## How does it work?

- It gently exfoliates dead skin cells while removing unwanted hair in an easy and painless way.
- All you need to do is rub it onto your skin in a circular motion.
