

Auto Foaming Soap Dispenser Manual

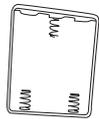

Product Description:

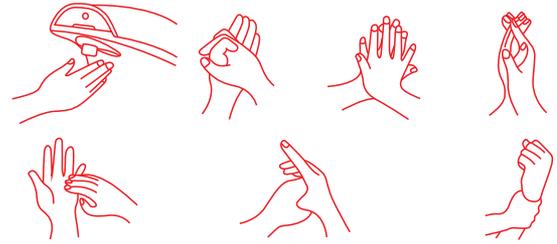

This product uses infrared induction technology and miniature foam pump, which can quickly dispense thick foam, avoid contact and easy to use, make hand-washing more efficient, save water and soap, and eliminate cross-infection of hand-washing.

SETTING UP YOUR NEW SOAP DISPENSER:

1. Open battery compartment on back of dispenser and insert 3 AA batteries . Lock the compartment cover into place.
2. Remove the soap container and pull out the silicone plug, pour the liquid soap into container, then replace the silicone plug. Reattach the container to the top of the unit and slide back into base till you hear the "click" .
- 3) Press the power button on the top of dispenser to activate the dispenser (blue light flashes) ,press the button again to switch to more foam mode (green light flashes), long press for two seconds to turn off the dispenser (red light).
4. Place hand under the sensor to start dispensing soap.

3*AA battery

OPERATIONS:

TURN ON: Press the power button to start the machine, the blue indicator flashes and goes off. Press the switchable mode

PACKAGE INCLUDES:

- 1x auto foaming soap dispenser
- 1x Seamless sticky hook
- 1x User Manual

ON/OFF button

IMPORTANT INFORMATION:

—All brands of liquid soap can be filled in this automatic foaming soap dispenser, but we highly recommend using original liquid soap for best results.

— We do not suggest to use some thick liquid. There isn't really a strict ratio to use, but foam hand soap mix with water at the ratio of 1:2 is a good place to start and you can adjust from there based on your preference.

—If Red indicator light does not flashes, please kindly check whether the batteries are installed correctly! And try to re-install new batteries several seconds later! (Rechargeable version: please try to recharge the product.)

—To clean, wipe dispenser with a damp cloth, but DO NOT submerge in water or use in a shower.

Product parameters:

Rated Voltage: DC4.5V

Rated Power: 5W

Power: 3*AA batteries

liquid Capacity: 250ml(8.5ozs)
