### Product Dimensions (mm)

|                                          |                                                    |
|------------------------------------------|----------------------------------------------------|
| <b>Model Number</b>                      | CO-9D                                              |
| <b>Retail Description</b>                | Digital Carbon Monoxide Alarm                      |
| <b>Unique ID code</b>                    | 109110005                                          |
| <b>Retail EAN Number</b>                 | 0816317001094                                      |
| <b>Retail Packaging Format</b>           | Clear recyclable PET box with cardboard inner wrap |
| <b>Retail Packaging Dimensions WxHxD</b> | 135mm x 133mm x 37mm                               |
| <b>Retail Packaging Weight</b>           | 180g                                               |
| <b>Retail SRP Quantity</b>               | 5                                                  |
| <b>Warranty</b>                          | 7 years                                            |
| <b>Technology</b>                        | Sensor: Electrochemical cell technology            |
| <b>Operation AC/DC</b>                   | DC                                                 |
| <b>Battery Type</b>                      | 7 year sealed for product life                     |
| <b>Product Weight</b>                    | 120g                                               |
| <b>Alert Type</b>                        | Loud 85dB Alarm at 1 metre + red flashing LED      |
| <b>Operating Temperature</b>             | -10°C to 40°C                                      |
| <b>Operating Humidity</b>                | 30% to 90% RH non-condensing                       |
| <b>Installation Positions</b>            | Wall / Ceiling / Shelf                             |

|                                                                                                                                                                                                                                                                           |                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------|
| <b>Approvals</b>                                                                                                                                                                                                                                                          | Independently tested to conform to BS EN 50291:2001 |
| <b>Additional Testing</b>                                                                                                                                                                                                                                                 | N/A                                                 |
| <b>Health &amp; Safety Information</b>                                                                                                                                                                                                                                    |                                                     |
| <b>Storage Temperature</b>                                                                                                                                                                                                                                                | -20°C to 60°C                                       |
| <b>Storage Humidity</b>                                                                                                                                                                                                                                                   | 30% to 90% RH non-condensing                        |
