and strengthened

New hair continuously
grow

Ingrediënten

- Ginger
- Ginseng
- Polygonum multiflorum
- Grapeseed Oil
- Natural Plants

NATURAL PLANT INGREDIENTS

The image features a central product shot of a brown glass bottle with a black cap and a white label. The label reads "SEVICH" at the top, followed by "Hair Growth Essence" in a box, and "NET. 30ML / 0.7FL.OZ" at the bottom. A stylized yellow light beam originates from the bottle and extends towards the right side of the image. To the right of the beam, there are four circular icons, each containing a different natural ingredient: ginger root, ginseng root, Polygonum multiflorum flowers, and grape seeds and oil. Below these icons are four smaller images: a close-up of ginger root, a close-up of a ginseng root, a close-up of Polygonum multiflorum flowers, and a small bottle of oil next to some grape seeds. Each of these four images has a corresponding label below it: "GINGER", "GINSENG", "POLYGONUM MULTIFLORUM", and "GRAPESEED OIL". To the left of the main product image, there is a detailed description of the benefits of each ingredient.

GINGER	GINSENG	POLYGONUM MULTIFLORUM	GRAPESEED OIL
Ginger can promote the metabolism of the scalp, activate the hair follicle tissue, effectively prevent hair loss, white hair, stimulate new growth, and strengthen hair roots.	Ginseng promotes hair growth, improves hair toughness, and reduces hair loss and hair loss.	Polygonum multi-head makes the hair black and thick, smooth and moist.	Grape seed oil treats hair damage, keeps it moisturized and hydrated, prevents breaks and splits, helps hair grow fast, and helps you get rid of scalp itching.
