

# MANSIONS OF MADNESS<sup>®</sup>

SECOND EDITION

## BEYOND THE THRESHOLD

*Wilson's shotgun clattered to the ground as the woman's bulbous hand wrapped around his throat. Only a few hours earlier, he had been investigating on her behalf, but no recognition flickered in her eyes now. As his vision began to darken, a strange voice whispered in his ear and he struggled to remain conscious.*

*Without warning, the hand around his throat slackened, and Wilson sucked in a desperate breath. Green gas streamed into the woman's mouth and nose until the creature swayed and fell. Past her fallen form, he could see Akachi Onyele standing, arms raised and a grim look on her face.*

*"Ma'am," Wilson rasped, tipping his hat to her. "It looks like we have some work to do."*

## EXPANSION OVERVIEW

*Beyond the Threshold* is an expansion for *Mansions of Madness Second Edition* where forbidden knowledge is as tempting to gain as it is dangerous to explore. An all-knowing being has only just begun its meddling, and the investigators find themselves risking the consequences of learning too much in order to solve new mysteries.

This expansion unlocks two new digital scenarios and new digital mythos events. The expansion also includes new tiles, a new monster, new investigators, and new Damage, Horror, Spell, Item, and Condition cards to be used to further expand your investigations.

## USING THIS EXPANSION

When playing with the *Beyond the Threshold* expansion, add Key tokens, a new type of component, to the general token pool. Add all other expansion components to their respective decks or pools of *Mansions of Madness Second Edition* components. Remember to update your app and go into your collection manager to add this product to your collection.

### EXPANSION ICON

Each card and tile in this expansion is marked with the *Beyond the Threshold* expansion icon to distinguish these components from the cards and tiles in *Mansions of Madness Second Edition*.

---

# COMPONENTS

---

The *Beyond the Threshold* expansion contains these components:

- 6 Map Tiles
- 16 Fire / Darkness Tokens
- 2 Investigator Cards and Matching Figures
- 4 Monster Tokens and Matching Figures
- 8 Common Item Cards
- 1 Unique Item Card
- 10 Spell Cards
- 9 Condition Cards
- 4 Damage Cards
- 4 Horror Cards
- 7 Person Tokens
- 10 Clue Tokens
- 4 Key Tokens
- 2 Wall Tokens

---

# ADDITIONAL RULES

---

## MOVING TILES

During the game, tiles can move about the board.

- When a tile is moved, it is removed from its current position on the board and replaced in the central play area as indicated by the app.
  - When a tile is moved, all figures, tokens, and cards on that tile maintain their positions on that tile.

## KEY TOKEN

Some effects instruct players to place Key tokens on specific Items. A Key token is a new type of component representing the supernatural nature of otherwise mundane objects.

- An Item with a Key token gains the *Key* and *Evidence* traits.
- An Item with a Key token cannot be discarded. If an investigator is instructed to discard an Item at random, discarding an Item with a Key token is not one of the possible outcomes.
