

25W USB-C Adapter

P.1 – P.3 Handleiding | P.4 – P.5 User Manual | P.6 Legal Information

Bedankt dat u voor Siltcon heeft gekozen!

Siltcon introduceert een compacte en krachtige lader met een maximaal uitgangsvermogen van 25W. Hiermee laadt u uw telefoon, tablet of ander Electronisch apparaat in een mum van tijd volledig op. De Siltcon adapter beschikt over een USB-C poort. Deze oplader is een uitstekende keuze als vervanging voor een defecte adapter of als extra adapter voor thuis of op kantoor. Het unieke aan deze adapter is dat hij automatisch het juiste voltage en wattage voor uw apparaat bepaalt.

Namens het Siltcon-team wensen wij u veel plezier met uw aankoop. Heeft u vragen of hulp nodig? Neem gerust contact met ons op via: klantenservice@siltcon.nl

Beschermingsfuncties

De nieuwe generatie Synchronous Rectifier (SR)–controller-IC's biedt geavanceerde bescherming tegen overspanning en oververhitting.

Deze IC's zijn vervaardigd uit hoogwaardige materialen en hebben met succes de 3C / CE / FCC / RoHS-tests doorstaan – wat garant staat voor kwaliteit en veiligheid.

Smart Charge Technologie

Dankzij geavanceerde Smart Charge Technologie voor spanningsbeheer kiest de oplader automatisch de juiste spanning en stroomsterkte voor uw apparaat. Dit zorgt voor een veilige, efficiënte en probleemloze laadervaring.

Thank You for Choosing Siltcon!

Siltcon presents a compact and powerful charger with a maximum output of 25W. This allows you to fully charge your phone, tablet, or other electronic device in no time. The Siltcon Adapter features one USB-C port. This charger is an excellent choice as a replacement for a broken adapter or as an extra charger for home or office use. What makes this adapter unique is that it automatically determines the correct voltage and wattage for your device.

On behalf of the Siltcon team, we wish you lots of enjoyment with your purchase. If you have any questions or need assistance, feel free to contact us at: klantenservice@siltcon.nl

Protection Features

The new generation of Synchronous Rectifier (SR) controller ICs provides advanced protection against overvoltage and overheating.

These ICs are made from high-quality materials and have successfully passed the 3C / CE / FCC / RoHS certifications – ensuring top-level quality and safety.

Smart Charge Technology

Thanks to advanced Smart Charge Technology for power management, the charger automatically selects the correct voltage and current for your device. This ensures a safe, efficient, and hassle-free charging experience.

LEGAL INFO

READ BEFORE FIRST USE

To begin, please unpack all components from the packaging and remove any stickers and foil. Proceed to inspect each item to ensure that no damage has been sustained and that no parts are missing. If a component is missing or appears to be damaged, do not use the product! Instead, please reach out to our customer service team at customerservice@siltcon.nl for further assistance.

BE AWARE WITH CHILDREN

Plastic Bags and Films: To evade the potential risk of suffocation, it is of utmost importance to keep plastic bags and films out of reach from infants and children. These thin films can adhere to their nose and mouth, obstructing their ability to breathe.

Risk of Strangulation: Cables, cords, and strings extending further than 18 CM (7 inches) may present a risk to infants and very young children, as they may become entwined while playing. Ensure to properly store the cord to avoid potential incidents.

RECYCLE INFORMATION

Batteries, electrical and electronic equipment (EEE) contain materials, components and substances that can be hazardous to the environment and harmful to human health if waste electrical and electronic equipment (WEEE) is not disposed of correctly. Batteries, electrical and electronic equipment marked with the WEEE logo (as shown below) should not be disposed of with household waste. Contact your municipality's waste management department. They can inform you about the recycling options in your region. Dispose of all packaging materials in an environmentally friendly manner.

WARRANTY

Under the Siltcon warranty, this product is guaranteed free from material and manufacturing defects for one year from the date of purchase. This warranty applies to personal use only. In the event of any defects within this period, Siltcon reserves the right to repair or replace the product or parts at its sole discretion. This warranty is limited to the original purchaser and requires proof of purchase. The warranty is not transferable and does not apply to negligent use of the product, loss of voltage or amperage, water damage, use contrary to the manual, repairs by non-Siltcon parties, accident or disaster damage and normal wear and tear. Siltcon is not liable for consequential damage or damage due to improper use and reserves the right to change specifications, colors, accessories, materials, and models without notice.

CONFORMITY

Siltcon (hereinafter: Inweath BV) hereby declares that this product complies with the EMC guidelines.
