LEGO® Builder

A DESTROYER DROID WITH COLOSSAL POWER

2024 marks the 25th anniversary of *The Phantom Menace* – as well as the first LEGO® Star Wars™ sets! The saga and its fans always trigger our creative curiosity, and we're excited to present this new display model inspired by the film.

We first encounter the droidekas when Obi-Wan Kenobi and Qui-Gon Jinn travel to Naboo to settle a trade

dispute, and Lord Sidious orders Nute Gunray, Viceroy to the Trade Federation, to assassinate the two Jedi. After a brief showdown, in which the heavily armed droidekas' shield generators prove difficult for the Jedi to breach, the Jedi escape – only to discover that the trade dispute is part of a much grander, more sinister plan. And so, a new chapter of the saga begins.

Enjoy building!

A stylized, handwritten signature in white ink, reading "Jens Frederiksen".

Jens Kronvold Frederiksen
Creative Director, LEGO® Star Wars™

POPULAR WITH THE DARK SIDE

Manufactured by Colicoids, droideka destroyer droids are typically used by criminal organisations and large corporations. Designed to wreak absolute havoc on their targets, the droideka is used by the Confederacy of Independent Systems and aboard the Trade Federation starships for enhanced security (and ground battles) as the Naboo trading blockade intensifies conflicts. A built-in shield generator makes the droideka nearly invincible, even for the Jedi.

© & ™ Lucasfilm Ltd.

DESIGNED FOR DISPLAY

The droid moves steadily but slowly on its legs, and swiftly rolls into a ball when it needs to move fast. This model replicates the insect-like design and characteristic functions of the droidekas: the arms and shoulders move to mimic its motion when the built-in twin energy blasters are fired.

You can also display the model in its ball shape. Simply fold in the arms, torso and head, then remove the three legs and reattach them upside down to fold them in. (Disclaimer: The model does not come with a compact deflector shield.)
