Instructions:

Simply select cards you want to act out (we recommend one of each color per adventure) or play a game to determine your night's adventure.

Game Rules:

Shuffle the cards and deal five cards to each player. Place the rest of the deck in the center of the table with the picture sides facing down. Players take turns drawing cards and after a card is drawn, the player decides to replace a card in his hand or discard the new card. Discarded cards should be placed face up next to the deck and the next player either selects the top discard or a new card from the deck. A player can only have five cards in his hand at the end of each turn. When a player has a complete fantasy in his hand, he can lay it down and thereby wins the game. A complete fantasy must have one card of each color. The couple then acts out the cards in order of color: **red**, **orange-yellow**, **green**, **blue**, and **purple**.
