

STREX

BICYCLE LIGHT SET

Always cycle safely with the Strex LED bicycle light set.

This set includes both a front and rear light.

Both lamps are waterproof, lightweight and durable.

Fully rechargeable via USB, empty batteries are a thing of the past!

You can also use the lamps as safety lighting while running or as a flashlight for camping or walking the dog.

Features a battery life of 3.5 - 12 hours and a battery indicator.

Both front and rear lights have various light and strobe modes.

Safe to see and be seen!
