General Remarks:

- This conformity assessment is limited to the essential requirements of the RED Directive. Only
 products fulfilling all essential requirements of all applicable new approach directives may be
 placed on the market and put into service.
- 2. Products in compliance with all provisions of the applicable directives providing for the CE marking must bear this marking.
- The manufacturer shall take all measures necessary so that the manufacturing process and
 its monitoring ensure conformity of the manufactured radio equipment with the approved type
 described in the Attestation of Compliance and with the requirements of Directive 2014/53/EU
 that apply to it.
- 4. This device also contains frequency bands that are not operational in EU member states. Only the frequency bands used in European Union have been assessed for this attestation.
- 5. The manufacturer shall draw up a written EU declaration of conformity for each radio equipment type and keep it at the disposal of the national authorities for 10 years after the radio equipment has been placed on the market. The EU declaration of conformity shall identify the radio equipment type for which it has been drawn up. A copy of the EU declaration of conformity shall be made available to the relevant authorities upon request.
