

Thermometer

Use Characteristics

Precise	The error is less than $\leq 0.2^{\circ}\text{C}$
Fast	It only takes a second to measure time
Easy to use	One-button measurement, easy to operate
Non-contact	No contact with skin, safety and hygiene
Screen display	Large screen liquid crystal display
Backlit display	You can see it in the dark
Easy to carry	Beautiful shape, easy to carry
Turn it off	15-second automatic shutdown
Fever alarm	Fever alarm function

Technical parameter

Normal condition	Ambient temperature: $0-40^{\circ}\text{C}$
Display accuracy	0.1°C
Measuring range	$32-42.9^{\circ}\text{C}$
Measuring accuracy	$32-35 \pm 0.3^{\circ}\text{C}$, $35.1-39^{\circ}\text{C} \pm 0.2^{\circ}\text{C}$ $39.1-42.9 \pm 0.3^{\circ}\text{C}$
Measuring distance	10mm-50mm
Automatic shutdown	15 seconds

CE Certification: CTB200312022EX

Test report: Guangzhou Customs District Technology Center

Serial number: 01082000000657

Useful life: Five years
