

PRESENTING

EVO LITE

FOR THE iPhone 14 RANGE

Enjoy everyday protection with Evo Lite. A slim and lightweight case offering up to 10ft multi-drop protection, this case is easy to grip and has built-in hygiene protection that reduces microbes by up to 99.99% in just 24 hours. It's now made with the latest in plastic innovation – meaning it disintegrates far quicker than any other phone case after use.

Everyday Protection

An easy-to-apply phone case that can resist all the bumps and scrapes of everyday life, thanks to scientifically proven 3m multi-drop protection.

Organic Plastic for Faster Disintegration

Customers can throw this case in the bin at the time of their next upgrade, safe in the knowledge it will fully disintegrate in a landfill environment in a matter of years – rather than the centuries other plastic phone cases take to break down.

PRESENTING

EVO LITE

FOR THE iPhone 14 RANGE

AVAILABLE IN

Clear

Classic Blue

Fuchsia

Multi-drop protection: 10ft (3m)

Independently tested for multi-drop protection.

Slim Profile

A soft case that's easy to take on and off.

Waste Responsible Innovation

The latest in plastic innovation makes this case disintegrate far quicker than any other case after use.*

Stylish and Secure

Rigorously tested and ready for all kinds of everyday bumps and scrapes.

Non-Slip Grip

Lightweight materials and easy to hold.

Easy-to-Press Buttons

Ultra-responsive and compatible buttons.

Enhanced Camera Protection

Engineered to protect the phone's most vulnerable tech.

Seamless Connectivity

Specially designed to allow full connection on the go.

* We are working to reduce, reuse or eliminate plastic from landfill. The plastic materials in this case biodegraded by over 21% after just 318 days. The more we test and innovate, the quicker our cases will disintegrate.
