Uninterruptible Power Supply

Model : BV500i-GR

Input Voltage : 220-240V ~

Output Voltage : 220-240V ~

Output Capacity : 500VA; 300W

Input Frequency : 50/60Hz

Output Frequency : 50/60Hz

Rated conditional

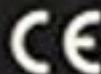

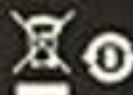

Input Current : 2.3A

Output Current : 2.3A

Short-circuit Current : 100 1kA

CAUTION:

• Batteries may cause chemical hazard, electrical shock, and energy hazard. Refer to user manual for details of the maintenance, handling and disposal requirements for batteries.

35 Rue Joseph Monier,
Rueil-Malmaison, FranceBuilt on Sealed lead acid batteries.
Battery Must be Recycled
