How to assemble the drum kit

1
Screw the four feet clockwise to the bottom corners of the snare table.
Note: Do not screw them too tightly.

2
After all four feet are screwed in loosely, you can adjust the feet gently to stabilize them further.

3
Press the drumheads gently into the spaces in the kitten head.

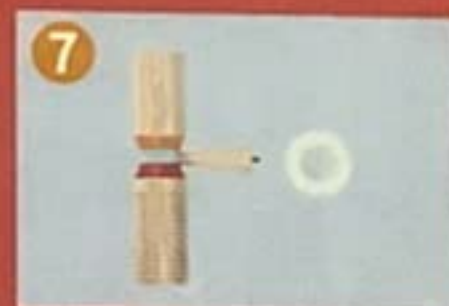

4
Open the cymbal stand by turning it anticlockwise.

5
Place one of the washers provided over the hole on the back of the cymbal, then screw in the stand clockwise so that the washer is placed between the stand and cymbal. Make sure you leave some space between the cymbal and the washer.

6
Then screw the stand clockwise into the right hole of the kitten drum head.

7
Next, find the wood tone block and the remaining washer.

8
Place the washer on the screw, then screw in the wood tone block so that the washer is between the hole on the left of the kitten drum table and the wood block.

9
Screw them into the drum kit.
Note: Do not screw too tightly.

10
Screw the four feet clockwise to the bottom corners of the snare table.
Note: Do not screw them too tightly.
