This declaration of conformity is issued under the sole responsibility of the manufacturer.

Object of the declaration: A central heating pump controller based on a microprocessor. The controller is intended for automatically switching on and off circulation pumps depending on the temperature. The controller-pump assembly forces the water to circulate in the central heating system with a coal-fired boiler or a gas boiler without a system controlling the operation of the pump.

The object of the declaration described above is in conformity with the relevant Union harmonisation legislation:

Directive LVD 2014/35/EU
Directive EMC 2014/30/EU
Directive RoHS 2011/65/EU

Conformity is shown by the compliance with the applicable requirements of the following standards:

EN 60730-1:2011
EN 60730-2-9:2010
EN 50581:2012
