## CarMount

Wireless Car Charger

### Welcome to your CarMount

Let us help to get your new charger up and running in no time with this quick start guide.

#### MagSafe Compatibility

CarMount is MagSafe compatible and will support magnetic alignment without additional cases or magnetic rings on.

#### 15W Fast Charging Surface

Wireless charging technology for Qi enabled Apple & Android devices.

USB-C Input  
Power Input.

Locking Nut  
Tighten & loosen to adjust the mobility of the CarMount face.

Ball Joint  
Allows for tilt and 360° rotation.

Vent Hook Adjuster  
Rotate to extend and retract vent hook.

Round Air Vent Adapter (optional)  
For use on rounded air vents to support unit.

Retractable Air Vent Hook  
Hooks behind vent and secures when tightened.

#### What's Included

- CarMount • USB-C Cable • QC 3.0 Car Adapter
- Magnetic Ring • Dash Piece • Vent Hook • Vent Adapter

### Power On

Connect the QC 3.0 Car Adapter to the CarMount using the included USB-C charging cable. Now plug the adapter into the 12V socket of your car, once the 'CHEROY' logo is lighting up, you are ready to go.

### Mounting

Attach the CarMount to your air vent and tighten until secure. Alternatively, mount to any flat surface using the adhesive dash piece.

### Wireless Charging

Using a MagSafe compatible device, place your device directly onto the CarMount to mount magnetically. Wireless Charging will begin immediately. For any other Qi enabled device, use the Magnetic Ring to connect your device smoothly with the magnetic surface of the CarMount.
