

HANGING INSTRUCTIONS

ABOUT US

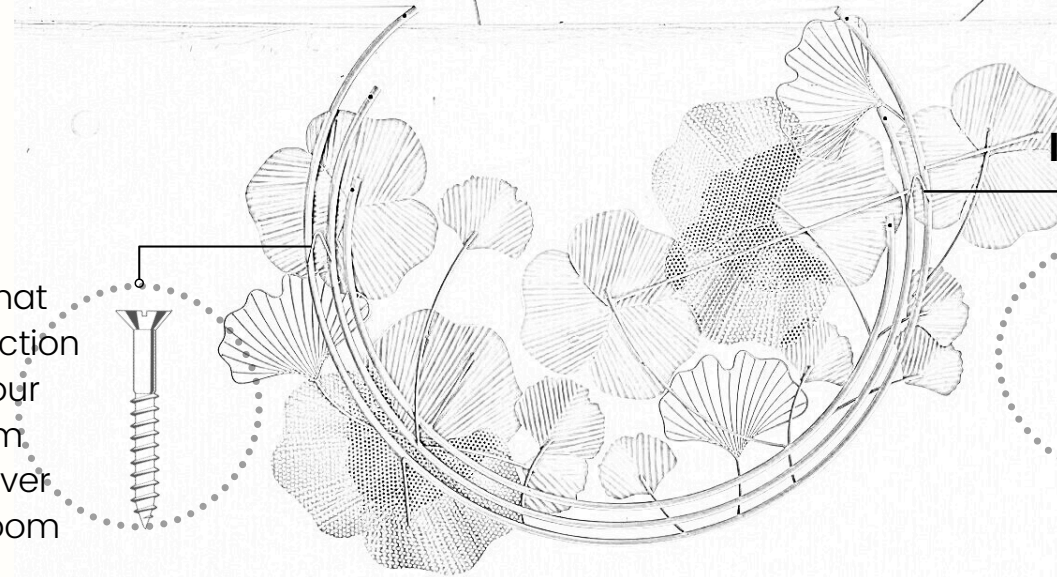

At Urbane Hide, we believe that your home should be a reflection of your personal style. With our curated selection of premium décor, we invite you to discover pieces that transform any room into an urbane hideaway of comfort and beauty.

Mark the Spot:

- Use a pencil to lightly mark the desired placement of the art on the wall.

Install the Wall Plugs:

- Drill two holes into the marked spots on the wall, ensuring the distance between them matches the holes on the back of the wall art.
- Insert the plastic wall plugs into the drilled holes. Ensure they are fully inserted.

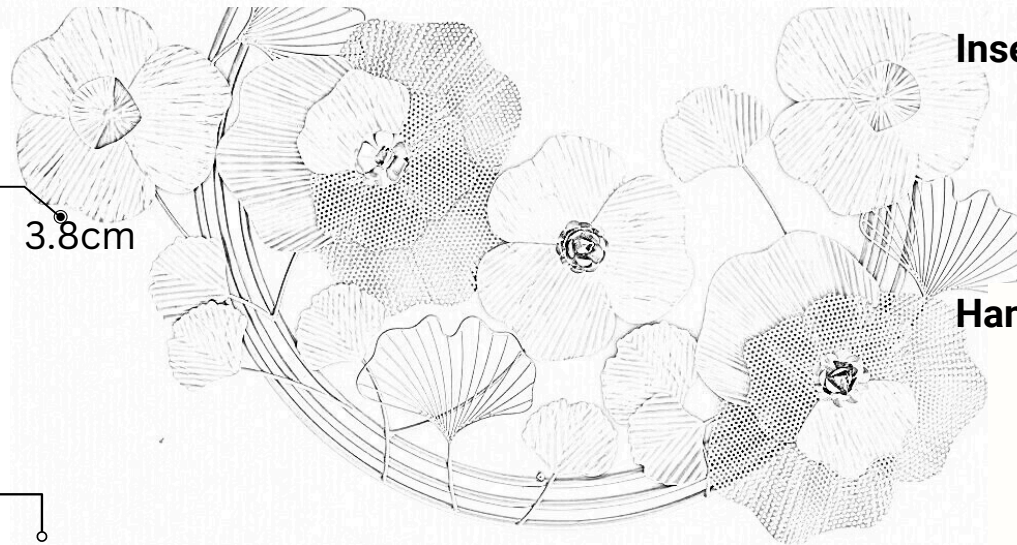

BACK

Insert Screws:

- Drive screws into the wall plugs, leaving about 1 cm of the screw exposed.

Hang the Art:

- Align the two hanging holes on the back of the wall art with the screws.
- Gently place the wall art onto the screws so it sits securely.

FRONT
