**Battery Usage Notices:**

- Use 2 pcs of 1.5V AA non-rechargeable batteries for the remote controller.
- Use 1 pc of 7.4V rechargeable battery pack for the toy car.
- Insert/change batteries as per the correct polarity.
- Non-rechargeable batteries are not rechargeable.
- Do not mix old and new batteries, nor mix different types of batteries.
- Charge the rechargeable battery before the first use.
- Take out the exhausted batteries from the toy.
- The charging time is no more than eight hours.
- The power terminals should not be short-circuited.
- Take out the rechargeable battery from the toy before charging.
- The batteries can only be charged under adult supervision.
- Regularly check the wire, plug, shell and other components for any damage. Stop using when the damage is founded.
- Unscrew the battery cover with the screwdriver, and insert the batteries as per the correct polarity.
- The toy should only connected with the power recommended.

Notices: Turn off the power if the toy will not be used for a long time. Please take out the batteries from the toy and the remote controller if it will be stored for a long time, preventing damage due to the battery leakage.
