

FAST CHARGE POWER BANK

100%
HIGH-QUALITY

INTRODUCTION:

- ◆ Multifunction digital movable charger. Using the efficient boost converter and battery protective ic, it's built-in intelligent identification chips are able to identify different kinds of digital products the voltage-electric current.
- ◆ Reaching Available charge. It with built-in high-capacity battery, small appearance, wide scope of application, longenity life, high cost-performance. You can uan it to charge your cell phone.

PRODUCT FEATURES:

Built-in intelligent recognition voltage imported chip, can automatically identify the mobile phone, tablets, and other digital products charge.
Precise electronic board, have prevent overcharge, discharge, prevent leakage, short circuit and high temperature resistant.
High quality high capacity batteries, durable. Support for fast charging, no memory effect, charging circuit number up to 1000 times.
Standard USB output. Micro/Mini USB input, simple and easy to carry.

Warm Notice

Please charge the power bank once every 3 months if the power box not be used for a long time.
Please keep the power box clean and dry, do not wash the power box with chemistry deपुरative.
Please protect environment, do not abandon.

Important Notice

Do not let children and unqualified people use the power box, except there specialist guide them.
Do not use it for any device without assigned output parameter it might cause fire or explosion.
Do not crash, dismantle, wade, damp and compress the power box

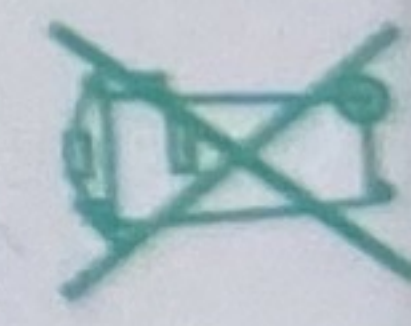

Anti-shock & Anti Impact

Real-time monitoring of output current
Automatic protection for abnormal short circuit

NOTICE

CE FCC

RoHS
compliant

Made in China
