English

Your Oral-B Vitality toothbrush has been developed with leading dental professionals to effectively remove plaque from all areas of your teeth.

Please read the use instru fully before first use.

- Periodically check the cord for damage. If the cord is damaged, take the charging unit to an Oral-B Braun Service Centre. A damaged of
- Braun Service Centre. A damaged of non-functioning unit must no longer be used.

 This product is not intended for use by children under age three.

 This appliance is not intended for use by children or persons with reduced physical, sensory or menta capabilities, unless they are supervised by a person responsible for their safety. In general, we recommend to keep the appliance out of reach of children.

 Children should be supervised to ensure that they do not play with the appliance.

- ensure that they do not play with trappliance.

 If the product is dropped, the brush head should be replaced before the next use even if no damage is visibl Do not place or store the charger where it can fall or be pulled into a tub or sink.

- tub or sink.
 Do not place the charger in water or other liquid.
 Do not reach for a charger that has fallen into water. Unplug immediately. Do not modify or repair the product. This may cause fire, electric shock or injury. Consult your dealer for repairs or contact an Oral-B Service Centre. Do not disassemble the product except when disposing of the battery.

- except when disposing of the battery. When taking out the battery for disposal, use caution not to short the positive (+) and negative (-) terminals Do not insert any object into any opening of the appliance/charger. Do not touch the power plug with wet hands. This can cause an electric shock
- wet hands. This can cause an electric shock.
 When unplugging, always hold the power plug instead of the cord.
 Use this product only for its intende use as described in this manual. Do not use attachments which are not
- recommended by the manufacturer. If you are undergoing treatment for any oral care condition, consult your dental professional prior to use. Brush head (depending on model/

interchangeable) On/off switch

- Handle Charging unit
- ecifications
- Specifications
 For voltage specifications please r
 to the bottom of the charging unit.

Your toothbrush has a waterproof handle, is electrically safe and designed for use in the bathroom.

- Plug the charging unit (D) into an electrical outlet. Place the handle (C) on the charging unit.

 A full charge takes 16 hours and enables approximately one week of regular brushing (twice a day, 2 minutes)
- of regular b 2 minutes). , full
- 2 minutes).
 For everyday use, the handle can be stored on the plugged-in charging unit to maintain the toothbrush at fu power. Overcharging is impossible. However for environmental reasons, Oral-B recommends to unplug the charging unit until the next recharge is required.
 - Battery maintenance
 To maintain the maximum capacity of
 the rechargeable battery, unplug the
 charging unit and discharge the handle
 by regular use at least every 6 months.

g th tooth The toothbrush can be used with any leading brand of toothpaste.

Wet brush head and apply tooth-paste. To avoid splashing, guide the brush head to your teeth before switching the appliance on (B). Slowly guide the brush head from tooth to tooth, spending a few seconds on each tooth surface. Brush the gums as well as the teeth first the outsides, then the insides and finally the chewing surfaces (1–5). Brush at least 2 minutes to

thoroughly remove plaque. Do not press too hard or scrub. Turn off the handle by pressing the

on/off switch

Timer (depending on model)
An incorporated timer memorises the elapsed brushing time. A short stuttering sound indicates the end of the professionally recommended 2-minute brushing time.

dividual brush h

Oral-B Professional Care offers you a variety of brush heads which are available in stores that sell Oral-B products. Following brush heads are interchangeable and can be used on your Oral-B Vitality handle.

same time.

Oral-B Precision Clean brush head
The Oral-B Precision
Clean brush head
provides effective and
gentle cleaning to help
protect both teeth and
gums. The brush head cups each
tooth with a curved bristle trim and
reaches deep between teeth at the
same time.

Oral-B FlossAction brush head

The Oral-B FlossAction brush head is recommended for everyday deep cleaning. It features micropulse bristles that get deep in hard-to-reach areas between your teeth gently removing and the proposition of the pr

between your teeth, gently removinng hidden plaque.

Oral-B ProWhite brush head

For occasional or everyday polishing, please use
the Oral-B ProWhite
brush head. It features a
dentispired polishing

cup to remove surface stains from coffee, tea and tobacco for effective brightening. We do not recommend using the Oral-B ProWhite brush head with braces.

Dentists recommend replacing any toothbrush every 3 months. Therefore the brush heads feature light blue INDICATOR® bristles to help you monitor brush head replacement need (i.a.). With thorough brushing, twice a day for two minutes, the blue color wifade halfway down approximately in a 3-month period (l.b). If the bristles splay before the colour recedes (l.c), you are exerting too much pressure or teeth and gums. will

During the first days of using the toothbrush, your gums may bleed slightly. In general, bleeding should stop after a few days. Should it persafter two weeks, please consult you dentist or dental hygienist. your

Cleaning

After use, rinse the brush head for several seconds under running water with the handle switched on (II). Then switch off the handle and take off the brush head. Rinse both parts separately under running water (III) and wipe them dry. From time to time, also clean the charging unit with a damp cloth (IV).

At the end of the product's useful life open the handle as shown, remove trechargeable battery and dispose of it according to local environmental regulations

Warning:
Do not disassemble the product at any time other than when disposing of it. Failure to observe this point may result in short circuit, fire or injury. For repair or maintenance (such as battery replacement), take the product to an extrement. authorised s ervice cent re

Caution! Opening the applia the handle will des ranty.

Please make sure the rechargeal battery is completely discharged before disassembling the applian for product disposal.

Subject to change without notice.

mental I This product contains rechargeable batteries. In the interest of protecting the In the interest of protecting the environment, please do not dispose of the product in the household waste at the end of its useful life. Disposal can take place at an Oral-B Braun Service Center or at approved recycling or disposing locations in accordance with local regulations.

regulations.

Guarantee We grant 2 years gu We grant 2 years guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor. This guarantee does not cover: damage due to improper use, normal wear or use, especially regarding the brush heads, as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee becomes void if repairs are undertaken by unauthorized persons and if original Braun parts are not used.

Braun parts are not used To obtain service within the guaranter period, hand in or send the complete appliance with your sales receipt to a authorized Oral-B Braun Customer Service Centre.

UK only This guarantee in no way affects your rights under statutory law.
