# CASTELL

CASTELL IS THE VIBRANT CATALONIAN TRADITION OF BUILDING HUMAN TOWERS.

Huge teams of people from all over Catalonia gather at festivals to celebrate Catalanian culture and compete to build the highest and most difficult human towers.

Visit Catalanian cities, expand your team of Castellers, learn tower-building skills, and show off your tower-building prowess at local performances and festival competitions.

Castell is a strategy game where players guide Castell teams through a year of festivals.

Harness your strength, balance, courage, and common sense to take your team to victory!
