

18W

Qualcomm Quick Charge 3.0

MEET THE NEEDS OF DIFFERENT PLUGS

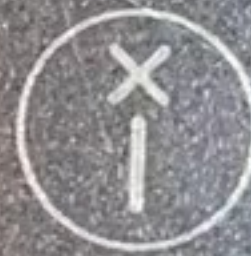

Short circuit protection

Output overcurrent protection

Overpower protection

Input overcurrent protection

Optional cable for Android/iOS, efficient power and data transmission

1. Input: AC100-240V 50/60Hz 600mA

Output: 3.6V-6V == 3A / 6V-9V == 2A / 9V-12V == 1.5A POWER: 18W

2. Meet international voltage standard, applicable in different countries

3. QC 3.0 auto-IC design, flexible adjustment and high compatibility with different current requirements

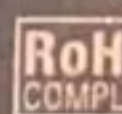

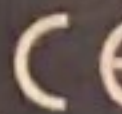

4. Dash charging to 80% at the speed of 1% per minute and trickle charging to capacity

5. Intelligent protection against short circuit, overcurrent, overvoltage and overheat

DESIGNED BY SIYOTEAM

MADE IN CHINA

SIZE: 180x90x43mm

RoHS COMPLIANT
