

WELCOME TO DICE THRONE!

A heart pumping, fast playing game of skillful card play & dice manipulation that will have your game nights cheering! This box contains a **complete** game.

HOW TO PLAY!

- 1 Roll your hero's dice 3 times to activate abilities.
- 2 Upgrade abilities & play action cards to surprise your foe.
- 3 Defeat your opponents and take the throne!

Miles Morales may be small, but he can pack a mean combo of attacks. Unlike the others, he can turn invisible. This invisibility is quite handy in a pinch, from bolstering his defensive abilities to surprising opponents with extra damage. Pushing his Spider-Reflexes to the limit, his web-shooters ensnare enemies making it all the easier to pile on Justice.

Reveling in trickery, **Loki** the God of Mischief must be found hiding among his illusions. Befuddling his foes with a deft hand, he will put a spell on you. Caution is advised when he smiles and graciously gives you a gift, as his bags of tricks might backfire in your face.
