Size: 22.5 X 27.2 X 16.8 cm 8.9" X 10.7" X 6.6"

Green sea turtles spend most of their lives underwater, where they can rest for up to five hours at a time before coming up for air. When active, they typically alternate between being underwater for a few minutes and coming up to the surface to breathe air for a few seconds. Green sea turtles are also known to sunbathe on land.
