No preservatives needed

This food dryer is the State-of-the-art solution to preserve traditional food with original smell and taste. Dry fruits and herbs easily, no preservatives are needed which makes it extra healthy and keeps nutrition values high.

No preservatives needed

Dry all sorts of different fruits or herbs simultaneously thanks to the six different levels with grating floor.

Store food longer

Store food for weeks or months without the use of preservatives. This way you can reduce unnecessary food waste and save money!
