Customer Care / Safety and Suitability

Safety & Suitability

The safety of everything we make at Jellycat is of the utmost importance to us. We take the greatest care possible to make sure you and your children stay safe with our toys.

Testing

Every toy we sell from jellycat.com is rigorously tested to international safety standards; they bear both the CE mark for Europe and UKCA mark for UK as proof of their success. Accessories, homeware products, muslin cloths & swaddles are also all tested to the relevant international safety standards according to their product type.
