

1-minute set up

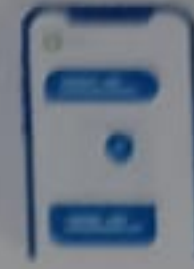

4 years battery life

Automatically pairs

Magnetic quick-release

Free texts & phone calls

The PLEGIUM Smart Defence Spray is a marking defence spray that sends free automatic location text messages and phone calls to your emergency contacts - enabled by the free Plegium app. On top of that, the spray is equipped with a powerful siren and a strobe LED light.

### 1-minute setup

1 Download the free Plegium app

2 Connect your Smart spray in the app

3 Add up to five emergency contacts

To test all functions except the spray, press down the TEST lever on the side of the product for 10 seconds. Then push it back up.

### How to use

1 Put your thumb on top of the trigger under the safety lid

2 Press firmly in center of trigger to activate all functions

3 Spray across the eyes, then aim for nose and mouth
