*(Based on shipping weight sales data of external webcams in units markets: CA, CN, FR, DE, JP, SE, UK, US.) The Brio 100 webcam was found to be 10% lighter than the average weight of similar products in a controlled environment and over the course of the day, the weighted average improvement to brightness of the user's face was 10% higher than the average improvement of similar products. Based on our independent, third-party laboratory testing of the Brio 100 webcam, we found that the Brio 100 webcam was 10% lighter than the average weight of similar products in a controlled environment and over the course of the day, the weighted average improvement to brightness of the user's face was 10% higher than the average improvement of similar products. In Stock (August 2021 to July 2022) aggregated for the following countries: CA, CN, FR, DE, JP, SE, UK, US.) La webcam Brio 100 a été testée en laboratoire indépendant par un laboratoire tiers et nous avons constaté qu'elle était 10% plus légère que la moyenne pondérée de la luminosité du visage de produits similaires dans un environnement contrôlé et au cours de la journée. Les résultats varient en fonction des conditions d'éclairage réelles.*
