

Keep your Apple Pencil and its accessories safe and organized on the go.

Stand

Supports Apple Pencil and keeps it within reach.

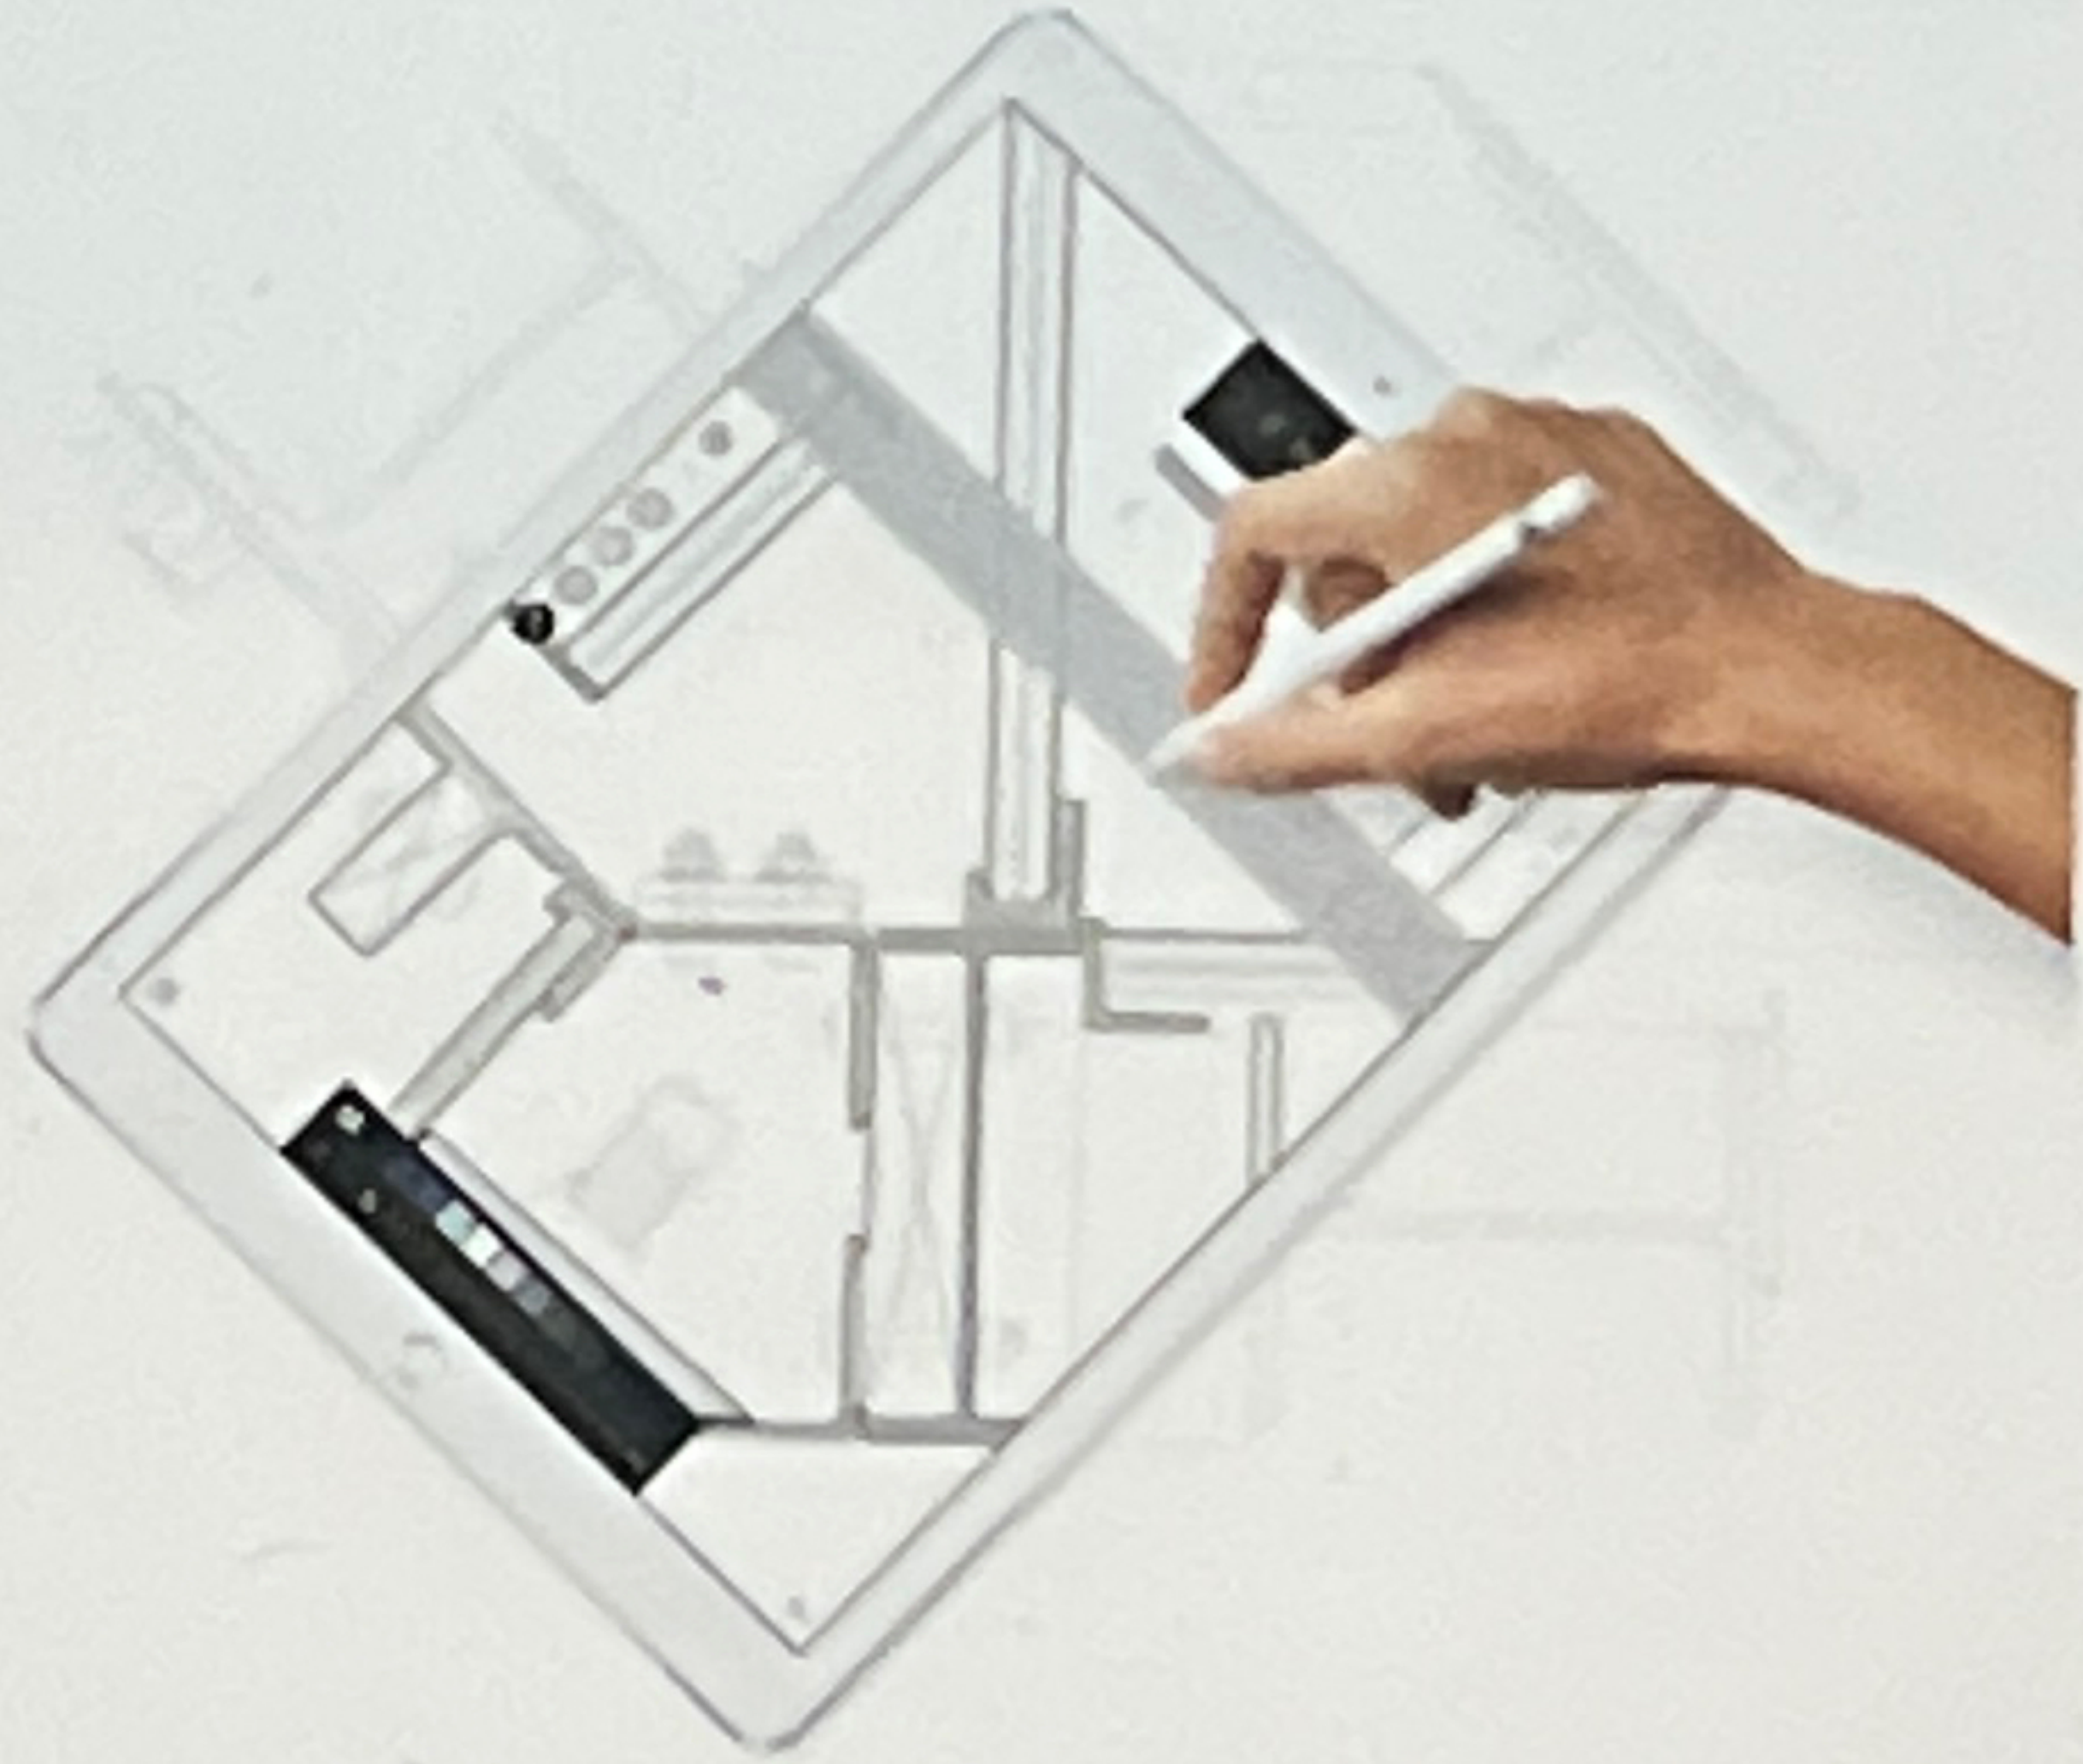

All-in-one storage

Holds Apple Pencil, lightning adapter, pencil cap, and extra pencil tip.

Wireless charging

Place it on Qi wireless charger for charging.

Attention:

1. Keep the Wireless Charging case away from interference when using, for example cell phones, computers, microwave ovens, etc.
2. Place horizontally.
3. Please do not put the Wireless Charging case into any liquid.
4. The Wireless Charging case surface shall be cleaned in time to avoid corrosion of internal lines.
5. Please do not use non-standard wireless charging equipment.
6. Please avoid the collision, so as not to affect performance.
7. The roll Angle should be less than 10 degrees, otherwise, the shaft will be damaged.
8. The two products need Center Alignment when charging.
9. Put on the magnetic cap when don't need to charge, turn round the Pencil and place in the case.
10. Do not overcharge for a long time. Avoid damaging the Apple Pencil Charging Case.
