Cosmetic in a state of freedom
GoldenOil Argan
'intelligent active ingredient'

An ancient beauty fluid, Argan oil, is an unprecedented natural concentrate whose outstanding virtues are still being discovered today by scientists worldwide.

GoldenOil has been the expression of a single idea and desire to fuse an ancient beauty secret and cutting-edge cosmetics using the latest discoveries to enhance and refine a natural miracle.

GoldenOil skincare line is used and admired by some of the most discerning beauty professionals and spas around the world.

High concentrations of rare and precious natural active ingredients sourced for radiant and sublime skin day after day. Unique fragrances and textures, opening the senses to new horizons.

Tocopherols, natural antioxidants that prevent the skins ageing process and wrinkles.

Phytosterols that revitalizes the skin and regenerate cells.

Biomolecules with healing, filtering, revitalizing, protective and disinfectant properties.

Rich in unsaturated fatty acids and gifted with a high content of linoleic acids (Omega 6), Argan oil corrects the deficiencies in essential fatty acids, crucial to reverse and delay the skin ageing process.

By actively stimulating the intracellular oxygenation, Argan oil favours the restoration of the hydro-lipid layer and regenerates the skin cells, therefore increasing their nutrients content and the skin's elasticity; leaving it soft and radiant in a unique way.

“GoldenOil”

The highest quality Argan Oil, coming from a virgin first cold press. Argan Oil comes from the fruit of the Argan tree that only grows in the semi-desert region of Morocco.

A woman with long, dark, wavy hair is the central figure. She is wearing a black, sleeveless top or dress. Her accessories include a wide, gold-colored metal cuff bracelet on her right wrist and a multi-strand necklace made of gold-colored metal links. She is holding a thick, red velvet curtain with her right hand, and her left arm is raised, with her hand near the top of the frame. The background is dark, with some blurred lights, suggesting an indoor setting like a stage or a theater. The overall mood is dramatic and elegant.
