STREX

WIRELESS

DOORBELL SET

With 2 receivers

With the Strex wireless doorbell set you never miss a visitor again. The push button works on a battery so that it can be installed at any door or gate. The receiver has a range of 150 meters and can be placed in any socket.

Choose from 58 different melodies and 4 different sound levels. The set comes with 1 doorbell and 2 receivers and can be placed anywhere in the house. Installing the push button and receivers is quick and easy and done in just a few seconds. Mount the push botton with either the included adhesive strip or screws.
