

DDR5

RIPJAWS S5

G.SKILL Ripjaws S5 series is the latest DDR5 memory designed to maximize performance and compatibility on DDR5-supported platforms. Manufactured with hand-screened ICs, each memory kit is carefully tested under extensive G.SKILL validation processes to ensure reliability and stability in your DDR5 system.

All G.SKILL memory products come with a limited lifetime warranty, and the G.SKILL technical team is always ready to provide complete technical support via online forums, telephone, and email.
