SAFE RIDING FOR JUVENILE AND SENIORS BICYCLES

Always check the age and weight restrictions for the use of the bike to ensure the safety of the rider. Check the bike and seat to ensure they are well lightened before each ride. Start with the easy terrain. Make sure that your child always wears an approved bicycle helmet when riding. Parents are urged not to let their children ride on busy roads until they are experienced riders. Check your bike before every ride to ensure that your bike is in safe operating condition. There are potential risks caused by improper use of the bike. We allow kid to reach the chainwheel and drivetrain.
