Air Cooler

Light Therapy

Easy to Use

As summer approaches, we will do our best to have a pleasant, livable temperature in our apartment. You can also increase your comfort with this mini air cooler. Just fill the tank with cold water and plug it into a USB socket and you can already enjoy the cooling breeze. The power supply can be a notebook, computer or powerbank, thanks to its compact design it can be placed anywhere in the apartment, office or car.
