HEIGHT ADJUSTABLE KIDS DESK and CHAIR SET BD-08

Chair adjustment

To adjust the chair height up:

1. Lose fixation screws on chair legs;
2. Holding the chair on both sides with your hands, gently raise the chair to the desired height; For the correct ratio of chair and child height, use the color scheme on chair;
3. When chair is at the desired height, tighten fixation screws.

To adjust the chair height down:

1. Lose fixation screws on chair legs;
2. Gently raise the chair to the maximum height, then lower down to the lowest level;
3. From the lowest level you can lift the chair to the desired height.

Desk adjustment

To adjust the desk height:

1. Lose fixation screws on desk legs;
2. Gently rotate the handle until the desk is set at the desired height;
3. When desk is at the desired height, tighten fixation screws.

To adjust the desktop angle:

1. Lose fixation screws at desktop sides;
2. Set the optimal angle of inclination for writing, reading, drawing;
3. Tighten the fixation screws.

HEIGHT ADJUSTABLE KIDS DESK and CHAIR SET BD-08

Assembly instruction

CHAIR ASSEMBLY

- 1 Take chair legs (A3) and unscrew pre-installed screws first. Fix chair legs connector (A4) on chair legs (A3) by using these screws.

- 2 Fasten the seat (A1) to legs (A3) with screws (B2)

- 3 Fasten the chair back (A2) to legs (A3) with screws (B1)

- 4 Thread fixation screws (A10) into special holes on chair legs

DESK ASSEMBLY

- 1 Take desk legs (A7) and unscrew pre-installed screws first. Fix desk legs connector (A8) only to one leg by using these screws

- 2 Fasten footrest pads (A14) to both legs (A7) with screws (B3). Insert the footrest (A13) into these pads. Insert the hexagonal rod (A16) into desk legs. Only after that fix desk leg connector (A8) to another desk leg.

- 3 Fasten the desktop (A5) to metal frame with screws (B3)

- 4 Put one part of rails on metal plates (A9) into another part of rails on drawer (A6)

- 5 Lift the desktop as on photo

- 6 Fasten the drawer (A6) to frame with screws (B4)

- 7 Bag hook (A11) can be fixed at any side

- 8 Thread fixation screws (A10) into special holes on desk legs

- Height adjustment handle can be inserted at any side of the desk
