TIMER: 30/60/90/120min

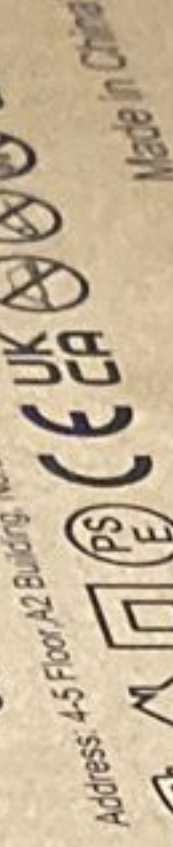

The heating pad includes a tall and adjustable collar to target the neck, shoulders, and back of head. Weighted ends make the pad feel even cozier, and a bottom keep it snugly wrapped around you.
 A heating pad is a great way to pamper someone special and help them unwind after a long day.
 The heating pad for shoulder and neck delivers gentle heat to tender muscles, increasing blood flow and allowing muscles to relax.
 Slightly weighted edges and a button designed help keep this heat therapy wrap around your neck and ensure a custom fit for efficient heat transfer.
 Features a convenient and easy-to-use corded hand control keypad to select and control functions; Easily select timer and heat levels or Power on/off.
 Adjust timer levels to save energy and help prevent burns from overheating.
 Please note that the heat function is manufactured according to international safety standards, which limits how fast the product can heat up.
 Therefore, the heating-up may seem a bit slow, 7-10 minutes before you can feel the obvious.

Provides Soothing Relief for Joint & Muscle Pain.

Great For You Provides Safe Warming Comfort Zone.
