

Three Light Modes

The three light modes, which are high-brightness white light, SOS red light and flashing red light for warning, can meet the needs of emergency and daily lighting.

High Brightness and High Quality LED Light

The high-efficiency and high-quality LED chip enables higher efficiency and power saving, longer service life and more durable.

Name: Baseus Solar Emergency Car Flashlight
Input: 5V=1A (Micro USB)
Battery capacity: 1000mAh
Charging interface: Micro-USB or solar charging
Charging time: About 1.5 hours (Micro USB)
Working time: About 2 hours
Size: 162.3*38.1*24.4mm
Weight: 97.6g

The above data are measured by the Baseus laboratory, the actual use will be slightly different depending on the specific circumstances.
