Enjoy your dinner any way you like

Get a stone grill, regular grill, griddle, raclette, and gourmet-in-one and you won't have to put any more devices on the dinner table. Combining all these cooking methods is possible because of the reversible aluminum grill plate, which doubles as a griddle plate.

Invite all your friends and family

This raclette is made to support up to 8 people! The large baking surface of both the stone grill and the regular grill plate, sized 21 x 21 cm, can easily fit all the ingredients you want to create the perfect plate. The set also contains 8 raclette pans and spatulas to provide all your friends and family with a balanced dinner.

Functional and stylish design

Use the adjustable thermostat to regulate the temperature up to 220°C. Whether you are baking meat or grilling vegetables, everything is possible with 1400 watts of power. Not only does this raclette offer high functionality and versatility, it is also very stylish with a light ring on the thermostat.

Easily cleaned and safe to use

You will be able to easily clean both plates, as they are detachable and non-stick coated. Additionally, the raclette pans also come with a non-stick coating, so you won't have to worry about removing any burnt-on remains. Finally, the 2-metre power cord and non-slip feet allow the device to be placed anywhere on the table without using extension cords.

Stone grill and grill plate, both 21 x 21 cm

Adjustable thermostat with light ring

Including 8 wooden spatulas and pans

1400 WATT

BAKING SURFACE: 2x 21x21 CM
