

## Healthy Ingredients BEE&YOU APIBEAUTY Anti-Wrinkle & Anti-Aging Series

**Bee Venom:** Bee venom supports collagen and elastin production by accelerating blood circulation. The synthesis of collagen and elastin provide firming of the skin and regulates color tone. It may also reduce appearances of fine lines and wrinkles.

**Royal Jelly:** Provides intensive skincare with rich vitamins, minerals, organic acids, proteins, and amino acids content. It provides the skin with deep-penetrating moisture. 10-HDA and royalactin, a component unique to royal jelly, support collagen synthesis and help skin flexibility, brightness, and youth with regular use.

**Pure Anatolian Propolis:** High content of CAPE (Caffeic Acid Phenethyl Ester) nourishes skin providing valuable phenolic and flavonoid components such as apigenin, quercetin, pinocembrin, galanin, chrysin helping to prevent dark spots.

**Raw Honey:** Raw honey, a natural moisturizer, ensures the protection of the skin barrier.

**Hyaluronic Acid:** While deeply moisturizing the skin, helps reduce wrinkles and dark spots.
