WMS 40 MINI

- Up to 30h playtime with one single AA battery
- Plug & Play
- Gain control on pocket transmitter
- Compatible with all AKG MicroMics
- Low battery indicator
- Smallest and lightest bodypack transmitter in its class

All WMS 40 MINI vocal and instrumental systems share the same brilliant sound and ease of use. Unique HDAP (High Definition Audio Performance) technology ensures the best possible, realistic sound at any time.

The status LEDs of the receiver SR40 mini show following information: ON/OFF, link LED RF OK and audio clip LED AF clip. The output gain from the 6,3mm jack output is controlled via the volume gain switch. The included SMPS (switched mode power supply) works from 110-240V and features EU/UK/US adapters.

WMS 40 MINI

The rugged handheld transmitter HT40 Mini offers a metal microphone cap and an ON/OFF/MUTE switch. The dynamic microphone capsule features a cardioids polar pattern.

The convenient PT 40 Mini body pack is the smallest and lightest transmitter in its class. It can be used with many AKG miniature microphones and shows the robust mini XLR connector. The PT 40 Mini is fully compatible with all AKG MicroMics.

All transmitters operate for 30 hours off a single AA size battery, saving frequent battery replacements and thus money.
